# Package Bees 2024

We are again offering Package Bees and Queens from several producers in Northern California. We buy from producers that select for Hygienic and Prolific Bees and Queens. These Bees & Queens are known for their rapid spring build-up, honey production, and gentleness.

**New for 2024**, we are going to attempt to offer a variety of queen types. Please understand that while we do everything in our control to get you the package size & queen type that you have requested, we are at the mercy of the weather in California as it pertains to successful queen mating. (If the type you requested is unavailable, and there is a price difference with the replacement queen type that we have available, we will refund you the difference in price).

We will be offering Italian Queens (**IT**), New World Carniolan Queens (**NWC**), OHB Saskatraz Queens (**SASK**), Randy Oliver's Golden West Queens (**GW**) and Buckfast (**BF**).

**Please note that not all queens are available in every size or pick up location.**

*For more information on queen types please check out our package bee information on our website.*
